

STP SERVICES PRIVATE LIMITED

STP is the most preferred logistics company for those wishing to move cargo from anywhere in the world to anywhere else in the world. Through the use of advanced tracking technologies, sophisticated global communications, and a large team of experts across a broad spectrum of specialties, STP is able to cost effectively handle the shipping of everything regardless of its size and value.

35+ years of moving forward

We first started our operations in 1986 from a modest beginning of an open yard for storing waste paper and containers, to owning trailers for container transportation, to C&F agents to CFS operators, there is no outsourcing of any services, leading to effective control of all operations which as a direct bearing on the reduced cost to clients. We cater to end-to-end logistics and supply chain requirements of our clients.

Besides being the pioneers in handling paper cargo for 3 decades, we have gained substantial expertise in handling agri products, and machinery. Our agile and flexible business philosophy has enabled us to adapt to a rapidly developing market and keep pace with the enormous growth and demands within the region.

We are a complete one-stop-shop logistics solution provider, with the skills, experience and processes, to service any clients in any industry. STP's differentiator is it's State-of-the-art primely located CFS infrastructure just 5 kms from Chennai seaport and operating Viking CFS in Moolakadai on the way to Telangana - Andhra Pradesh national highway.

Our Services

As a leading logistics company covering all modes of transportation including international freight forwarding and supply chain solution development, STP is well positioned to support your diverse shipping and supply chain needs.

Freight Forwarding

We act as forwarding agents for global brands, and rely on a dense network of transport partners to organise shipments and get goods from manufacturer to market. From FMCG products to automobiles and even the heavy machinery powering construction projects around the world, we facilitate the movement of a vast variety of goods. We also track shipments, arrange documentation and insurance, book cargo space and negotiate preferential rates for our clients.

Sea Freight

With hubs situated in 9 ports, our proximity to the sea combines with the relationships we've built with reliable shipping partners and translates into turnkey sea freight solutions for our customers. We offer a flexible range services for both Less-Than-Container Load (LCL) and Full-Container Load (FCL) shipments.

Land Freight

Our land freight team can deliver turnkey inland logistics for clients that include every element of the supply chain - from unloading and pickup to packing, transportation, delivery, and documentation. Our access to a dense network of fleet providers and transport partners helps us craft specific solutions for your land transport needs.

Customs Broker

When it comes to Customs clearance, effective customs clearance timing and updates regarding processes and systems are everything. Partnered with M/S. Ramdas Pragji – CHA License holders since 1969 who are ISO 9001:2000 complaint, we went on to obtain own CHA license in 2013 in Chennai and further extended it to Krishnapatnam port, Nellore & ICD Guntur and more recently in Tuticorin port. With a robust team dedicated to Import & Export Clearance, we have been one of the most preferred clearance agents for International Corporations, down to Private Individuals.

Containing up-to-date useful information for our clients, our ERP system offers complete control over operations and seamless communication regarding eligibility to claim any relief or exemptions, and how to minimise any surprise costs, when your goods reach India.

Transportation

STP services can transport literally anything anywhere in India and to the farthest corners of the country thanks to our broad network of agents. We specialize in domestic and international LTL & FTL services, last-mile deliveries, express deliveries etc. Rely on us to design bespoke transport solutions for your business.

Single/ Double/ Triple Axle Trailers
